OFFICE OF THE
CLERK OF THE COUNTY OF KAUAI

Bill 2317
A Bill and Ordinance to Establish
a New Article 28, Chapter 8,
Kauai County Code 1987,
Relating to Small Wind Energy Conversion Systems.

Honorable Chairman Asing and Member of the County Council,

Kauai Island Utility Cooperative (KIUC) acknowledges and commends the Council's desire to reduce Kauai's dependence on non-renewable energy. As you know KIUC's own Strategic Goals are to attain a 50% renewable generation portfolio by 2023 and therefore supports the intent of this bill which is to promote the effective and efficient use of small wind energy conversion systems (S. W. E. C. S.)

Thank you for the opportunity to make comments.

Respectfully,

Teofilo "Phil" Tacbian
Chairman of the Board
